

# BIODEGRADABLE BOUNDARY WIRE PEGS

A sustainable alternative to plastic pegs

100% NATURAL MATERIAL

1-2 YEARS BIODEGRADABLE

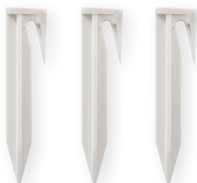

NO MORE PLASTIC

Use the bio-peg instead of plastic pegs.

The bio-peg will start to decompose rapidly.

In 1-2 years, it will decompose completely and turn into compost.

## 18240/18241 BIO-PEG

A sustainability initiative by Schou.  
Striving for a greener tomorrow.
