

## Product data sheet

Product category	Paraffin Laser Heaters
Brand	Qlima
Model	SRE 0031 TC
Colour	Grey metallic
EAN code	8713508709543

## Technical specifications

Burner type	Electronic Injection Burner System (BI)	
Capacity (min./max.)	kW	1,08 / 3,10
For rooms up to	m <sup>2</sup>	21 - 48
	m <sup>3</sup>	50 - 120
Consumption (max.)	l/h	0,323
	g/h	258
Capacity water tank	l	5
Autonomy (min.-max.)	h	15,5 - 44
Power supply	V/Hz/Ph	220 - 240~ / 50 / 1
Power consumption at start	W	335
Power consumption (min.)	W	78 - 123
Sound pressure level	dB(A)	28 - 35
Dimensions (w x d x h) <sup>1</sup>	mm	371 x 299 x 429
Net. weight	kg	8
Guarantee <sup>2</sup>	years	4

**Safety features** Tip-over switch - Safety stop - Overheat protection - Safe top - Child lock

<sup>1</sup> including base plate  
<sup>2</sup> except manual fuel pump

## Package content

Paraffin laser heater, Transport cap, User manual

## Accessories (not included)

Description	EAN code

4 Year guarantee

Tip-over safety switch

Daytimer

Energy saving mode

Advanced control system

Frost protection

Child lock

Adjustable thermostat

Safety stop

**MADE IN JAPAN**

Made in Japan

## Features

**High-tech burner:** This heater is equipped with a burner system that heats up extremely quick and very gradual. This gives a more comfortable heating sensation.

**Fuzzy logic:** This heater is equipped with a self-regulating temperature control system. The heating mode can be set according to the requirements.

**Semi-automatic operation:** This heater is equipped with a 24-hour programmable timer and integrated thermostatic control to maintain the desired room temperature.

**Wickless design:** Provides clean and economical heating without wick maintenance or replacement.

**Information display:** The digital displays helps to keep track of all the important heater functions.

**Safety features:** This heater is equipped with a combustion quality sensor, an over-heat protector, a tip-over switch, a safe top and a burner thermistor for safe heating.

**Childproof lock:** When this button is pressed, the operation of buttons will be blocked, except the on/off button.

**Automatic airflow control:** The speed of the built-in fan is self-regulatory, depending on the burning mode of the heater.

**Automatic extension operation mode:** When the fuel tank is almost empty, the display will show that the tank has to be refilled. The extension operation mode is activated and the heater switches to the lowest burning mode for more than one hour.

**Large autonomy:** The large 5 l fuel tank is good for up to 44 hours of pleasant heat.

**Additional heat output:** All consumed electric energy is emitted in the room to be heated.

**Anti-odour system:** The perfectly balanced heating system burns almost 100% of all fumes and gasses throughout the complete combustion process (start up - heating - cooling down). The result is a comfortable heating experience without unpleasant odours.

**Quiet operation:** When heating the room, the device produces only a limited amount of sound. Also in the start up phase, the heater produces very little sound.

**Recyclability:** Over 90% of the heater can be recycled.

**Made in Japan:** This heater has been produced according to the ISO 9000:2015 Quality Control Standard.

### Tank removal safety system:

This heater is equipped with a safety system that will shut off the heater in the event that the fuel tanks is removed.

**Transport cap:** Essential for the transport of your device, it is included in the box.

**Warranty:** 4 year warranty, excluding the pump
